Country Christmas Update – Jane Unterbrink

Planning Commission update & recommendations

- Reimburse for food expenditures for developer day.
  - Providing Coffee, Food, etc.: The purchase of coffee, food, etc., must be for a public, not an individual or private group or purpose. These expenditures for use at a regular or special meeting where the public is also participating in the coffee, food, etc., for fire fighters, volunteer or full-time employees, when working an extended period of time or when dedicating public buildings are normally considered expenditures for a public purpose.
  - Coffee, food, etc., for employees use during normal working hours is considered personal, not for a public purpose, and improper unless specifically provided for in a collective bargaining agreement or duly adopted employment policy of the governmental unit (fringe benefit). See the definition of “public purpose” in item 3 above.
